

## SUBJECT INDEX

- Aflatoxin  
  in corn (grain), detection, 65
- Biomphalaria straminea*  
  Taubaté, São Paulo, Brazil, 1
- Cervix diseases  
  *Chlamydia* sp. infections, 59
- Cervix mucus, citopathology, 59
- Chlamydia* sp.
- Corn (grain)  
  contamination by micotoxins, 65
- Desinfectants (hospital)  
  phenol coefficient and use dilution  
    calcium hypochlorite, 5  
    formaldehyde, 5  
  Irgasan DP-300, 5  
  phenol compounds, 5  
  quaternary ammonium compounds, 5
- Dyes, natural  
  for foods, analysis  
    beet red, 11  
    bija (*Bixa orellana*), 11  
    cochineal, 11  
    cupric chlorophyllin, 11  
    grape shell anthocyanins, 11  
    saffron, 11
- Encephalitis  
  Rocio virus encephalitis, 95
- Essencial oils, analysis  
  Sicilian lemon (*Citrus limon* Burm) oil  
    gas-liquid chromatography, 45  
    thin-layer chromatography, 45  
  Tahiti lemon (*Citrus latifolia* Tanaka) oil  
    gas-liquid chromatography, 45  
    thin-layer chromatography, 45
- Fatty acids  
  in mother's milk, detection  
    gas-liquid chromatography, 53
- Flavonoids  
  of propolis, determination  
    paper chromatography, 81  
    spectrophotometry, 81
- Milk (human)  
  mother's milk  
    fatty acids determination  
      gas-liquid chromatography, 53
- Ochratoxin A  
  in corn (grain), detection, 65
- Oils, essential, analysis, 45
- Paralytic shellfish poison  
  in fish, determination, 87
- Pharmaceuticals  
  sulphametoxazol, trimetoprim in,  
    determination, 91
- Pre-cancerous conditions  
  cervix diseases, 59  
  vaginal diseases, 59
- Propolis  
  flavonoid determination, 81  
  quality control, 81
- Public Health  
  health service planning, 19, 27
- Public Health laboratories, 19, 27
- Rocio virus encephalitis, 95
- Sardine (*Sardinella aurita*), whole, salted  
  and pressed  
    quality control, 111
- Saxitoxin  
  in fishes, oysters, shellfishes, determination  
    bioassay, 87  
    fluorimetric method, 87
- Staphylococcus aureus*  
  in foods  
    thermonuclease, 103
- Tomato (*Solanum lycopersicum*)  
  free glutamic acid determination, 79
- Tomato juice (industrialized)  
  chemical test, 73
- Vaginal diseases  
  *Chlamydia* sp. infection, 59
- Vaginal smears, 59
- Zearalenone  
  in corn (grain), detection, 65
