

## SUBJECT INDEX

- Acquired immunodeficiency syndrome  
antibodies to *Toxoplasma gondii*, prevalence, 101
- Aflatoxin  
in peanut, determination  
thin-layer chromatography, 41  
in peanut products, determination  
thin-layer chromatography, 41
- AIDS  
see Acquired immunodeficiency syndrome
- Allium sativum*, 5
- Arsenic  
in food additives, determination, 51
- Banana (*Musa* sp.)  
tannin of, in banana manufactured products,  
detection, 35
- Blood groups (ABO system)  
correlation with giardiasis, 69
- Cadmium, traces  
in vegetables, determination  
flame atomic spectrophotometry, 81
- Cannula (plastic, rubber)  
sterilization with ethylene oxide, 27
- Catgut  
sterilization by gamma-ray  
protein degradation, 57  
sterilization, chemical, control, 57
- Epidemiology  
surveillance, 1
- Ethylene oxide, residues  
in reesterilized cannulae, detection, 27  
in reesterilized syringes, detection, 27
- Food additives  
arsenic in, determination,  
methods, comparative study, 51
- Garlic (*Allium sativum*)  
essential oil of, identification,  
hidroalcoholic extract of, identification, 5
- Giardiasis  
correlation with blood-groups  
in São Caetano do Sul, São Paulo, Brazil,  
69
- Infection (human)  
due to *Serratia marcescens*, 107
- Intestinal diseases, parasitic  
epidemiology  
São Paulo, Brazil, 93  
health planning, 93
- Lead, traces  
in begetables, determination  
flame atomic spectrophotometry, 81
- Leptospirosis  
histopathology, 75  
immunohistochemistry, 75  
pathogenesis, 75
- Meningitis, bacterial  
diagnosis, laboratory, 61
- Milk (pasteurized)  
quality of, in São Paulo City, in relation to  
Brazilian regulation, 19
- Oil  
garlic essential oil  
in pharmaceuticals, identification  
thin-layer chromatography, 5
- Paste (macaroni)  
animal filth in, extration  
acid hidrolisis, pancreation diggestion  
methods, 11  
animal filth in, identification  
microscopical method, 11
- Peanut  
aflatoxin in, determination, 41
- Peanut products  
aflatoxin in, determination, 41
- Pharmaceuticals  
garlic essential oil in, detection, 5  
garlic hidroalcoholic extract in, detection, 5
- Public Health Laboratories, 1
- Serratia marcescens*, serotypes, 107
- Sterilization  
of cannulae (plastic, rubber)  
with ethylene oxide, 27  
of catgut  
by gamma-ray, 57  
of syringe (plastic)  
with ethylene oxide, 27
- Syringe (plastic)  
sterilization with ethylene oxide, 27
- Tannin  
of banana (*Musa* sp.)  
in banana manufactured products,  
detect. microscopical method, 35
- Tea (medicinal plants)  
species identification, 45  
strange mineral material in, determination  
acid-insoluble ashes method, 45
- Toxoplasmosis  
in patients with acquired immunodeficiency  
syndrome (AIDS), 101
- Trypanosoma*  
in non-human hosts, diagnosis  
parasitologic technics, avaiation, 85
- Vegetable  
cadmium, lead, zinc in, determination, 81
- Zinc, traces  
in vegetables, determination  
flame atomic spectrophotometry, 81
